Your Excellence,

GROOMING AFRICAN LEADERS TO CREATE OPPORTUNITIES FOR AFRICAN PEOPLE

The fact that public sector policies are articulated by private sector projects so as to move capital into taxable goods and services, this is to propose that you,

1. Invite all university Guild Presidents to accompany you for an annual wildlife tour on condition that they (**Guild Presidents**) register with national museum to get a Tulambule UG cap and Hoodie which represents their university so as to promote domestic tourism. And also direct ministry of tourism, wildlife and antiquaries to rename Queen Elisabeth National Park after Nelson Mandela in the best interest of Pan-Africanism.
2. Log on our website www.d3gafrica.com and click on PROPOSALS of constructing an Embassy Union Towers in Uganda. Merging State-Owned Commercial Banks throughout Africa into an Africa Commercial Bank. Deflecting imperialism and neo-colonialism so as to attain economic independence that leads to political independence. Among other proposals.
3. Invite domestic CEOs, African Embassies and domestic Billionaires for an Annual Economic Consultative Conference (AECC) and to substitute Independence Days (ID) in Africa with revolution days (RD) of wildlife tour, exhibiting innovations, planting trees, awarding excellent entrepreneurs, visionary leaders.

The fact that knowledge has known value except gains from its application, African challenges are calling Dithree Group to apply the mind on a full state of identifying African Solutions jealously, on principle and by conviction outside the square through **Advisory Services, Intermediary Business and Civic Education** which propagates **Business Models and Social Programs** because development is the changing of society with effects to its norms, values, institutions, attitude of its people, methods of production and the way in which resources are distributed for the attainment of total transformation. On the 13 June 2022 Dithree Group proposed a barter trade to **African Union** in attention to **Africa export and import bank** copied to **Iranian embassy, president's office and Russian Embassy** as per the attach letter Reference No. D3G-15/13/06/22 and the Daily Monitor Newspaper Headline of 08 July 2022 reported that **Museveni Seeks Barter Trade with Iran** as per the attached copy.

RE: AFRICA TRIPARTITE SUPERMARKET AND AFRICA BILLIONAIRES CORPORATION

To complement Africa's efforts of intra trade, diversifying foreign reserves, reducing donor dependency, promoting currency value, balancing trade and reducing debt, I propose that, KACITA Uganda partners with African Embassies in Uganda to create an Africa Tripartite Supermarket which Reciprocation Trade, Transfer Money and Barter Trade without using third-party currencies between two countries. PSFU Uganda invites all African billionaires to create an Africa Billionaire's Corporation which partners with African governments on investments. While South Africa mobilize BRICS Nations to admit Iran in the bloc on condition that BRICS partners with Venezuela, Palestine, Cuba, Syria, North Korea, Yemen and Afghanistan to join Africa Tripartite Supermarket.

I will be very grateful if my request is honored because African challenges are calling Africans to apply our minds on a full state of identifying African solutions outside the square so as to protect Africa's interests jealously, on principal and by conviction.

Dear Sir/Madam

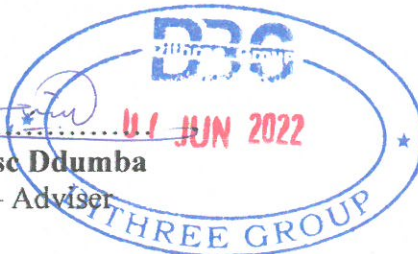

RE: PROPOSAL FOR AFRICA BILLIONAIRE'S CORPORATION AND REQUEST FOR PROGRAM FUNDING

As AGENDA 2063 policy requires African countries to mobilize domestic resources that solve African challenges, I hereby propose that PSFU invite billionaires from all African countries to create an Africa Billionaire's Corporation which partners with African governments on investments so as to substitute donor dependency with surplus taxes. But since leadership is the process of social influence where one person mobilizes the aid or support of others in the accomplishment of a common goal or task, I also request you to finance civic education and advisory service of bridging African challenges with African solutions through radio, newspapers and TV because African challenges are calling Africans to apply our minds on a full state of identifying African solutions outside the square so as to protect Africa's interests jealously, on principal and by conviction. The first letter we submitted ref No. D3G05/01/06/22 was copied to a wrong address.

I will be very grateful if my request and proposal are honored in the best interest of Uganda.

Yours truly
