And also assign all government ministers and Permanent Secretaries a target to achieve each year.
3. In 2026 direct parliament to enact a law which compels all foreign companies like banks, cement manufacturers, breweries, steel manufacturers, insurance, fuel companies etc. including all state enterprises to sale shares to voters through an IPO.
4. In 2026 direct Parliament set up a Parliament Investment Club (PIC) which mobilizes and coordinates constituency members to set up a Constituency Investment Club (CIC) on condition that the PIC holds ten percent (10%) of the CIC were each MP contributes five million shillings (UGX-5m) as share capital to the PIC once during their term of office. Enact a law which fines MPs one million shillings (UGX-1m) for each day they fail to attend parliament sittings without a substantial prior notice to parliament. Each new MP should contribute five million shillings (UGX-5m) as share capital to the PIC once during his or her term of office. An MP should be a patron of the CIC in his or her constituency then subsequently look into taming interest rates, public administration cost and tax rates. The CIC should stake an award for unemployed voters to play multiparty sports games of winning seed capital of joining the CIC.
