- The Auditor General, Auditor General's Office
- The Honorable Minister, Ministry of Finance, Planning and Economic Development

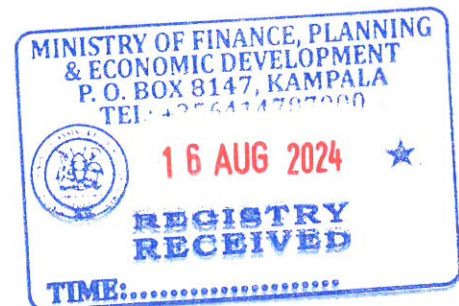

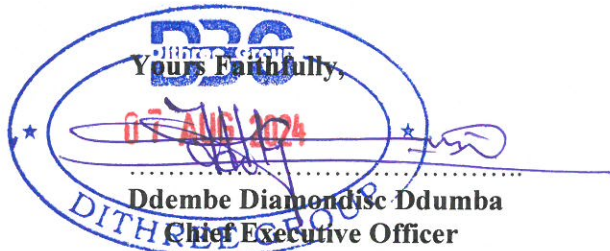

Dear Sir/Madam,

CREATE A PUBLIC- PRIVATE AUCTIONING AGENCY

Dithree Group is a private company that mobilizes domestic resources for the creation of collective prosperity opportunities and sustainable development projects through advisory services, holding services, asset management, hosting services, equity investment, civic education and intermediary business as highlighted on www.d3gafrica.com so as to articulate **AGENDA 2063** into Business Models and Social Programs which bridge African challenges with African solution. This teamwork, mental work and network of investment partnerships, project proposals and joint ventures instills a sense of direction, a sense of dignity and a sense of belonging in the African dream. Therefore, the fact that government organizations are littered with old/spoilt vehicles/tracks, electrical appliance/accessories, desktop/laptop computers, mechanical equipment and electronic devices/gadgets countrywide which can fetch allot of money, this is to propose that you

1. Create a Public-Private Auctioning Agency (PPAA) which sales all spoilt/old government machines, devices, vehicles, equipment and gadgets to the public and then use the accrued funds to supplement the servicing of the national debt because government organizations are littered with spoilt/abandoned machineries, devices, vehicles and equipment countrywide which can fetch billions of shillings if well auctions.
2. Lease government vehicles on a five-year contract from authorized dealers because, the cost of buying spare parts, under valuing vehicles for auction and buy new vehicles is extremely high.

On the 12th February 24 Dithree Group proposed the same to various government organizations under Reference No D3G-08/12/2/24 as per the attached copy. Africa Union's **Agenda 2063** emphasis the need to mobilize domestic resource for collective prosperity and sustainable development and both the Quran in Surah Al-Imran 3:104 and the Bible in Mathew 9:35-37 complement each other on the fact that African challenges called Dithree Group to apply the mind on a full state of identifying African Solutions jealously, on principle and by conviction outside the square.

I acknowledge receipt of your letters, two dated 7th August, 2024 of Ref: D3G-40/25/8-24, D3G-42/25/8-24 and another, dated 12th February, 2024 of Ref: D3G-11/12/2/24 in which you proposed to;

- i. Mobilize domestic revenues from adverts on roads, through violation of police notices, by fining truck drivers for tying animals/birds on trucks in a cruel painful manner; and

Whereas this Ministry appreciates your efforts to improve effectiveness and efficiency in service delivery, the above proposals are already mainstreamed within current Government operational frameworks such as; Public Finance Management Act (PFMA), 2015, National Planning Authority (NPA) Act, 2002, Local Government Act (Cap 243) and Road Traffic and Road Safety Act, 1998, among others. Secondly, the proposal to create Public-Private Agencies is not in line with the on-going Rationalization of Government Agencies and Public Expenditure (RAPEX).

The purpose of this letter, therefore, is to inform as above. You are also advised to liaise or work with the relevant Government Ministries, Departments and Agencies to ensure improvements in service delivery.

Reference is made to your letter dated 7th August 2024 on the above subject.

The Authority noted from your letter the proposals to create a Public-Private Auctioning Agency (PPAA) and to lease government vehicles on a five-year contract from authorized dealers.

The Authority advises you as follows:

1. The Authority as the principal regulatory body of public procurement has the mandate of monitoring compliance of Procuring and Disposing Entities (PDEs) to the provisions of the PPDA law. It is not within the Authority's mandate to handle the proposals highlighted in your letter.
2. The proposals should be handled in accordance with the Public Private Partnership (PPP) Act, 2015.
3. The company should liaise with the PPP Unit in Ministry of Finance Planning and Economic Development which will assess the proposals' suitability based on the provisions of the PPP Act and the Regulations. The Unit is responsible for screening, analyzing, appraising, monitoring and evaluation of all development projects undertaken by way of PPP and is also responsible for facilitating the implementation of PPP initiatives as a vehicle for delivery of services and development on behalf of the Government of Uganda.

The Authority has given this guidance based on the information provided.
