Dear Sir/Madam,

ANNUAL INTEGRITY, COMPETENT AND FAITHFUL AWARD FOR LEADERSHIP AND MARRIAGE

Dithree Group is a private company that mobilizes domestic resources for the creation of collective prosperity opportunities and sustainable development projects through advisory services, holding services, asset management, hosting services, equity investment, civic education and intermediary business as highlighted on www.d3gafrica.com so as to articulate **AGENDA 2063** into Business Models and Social Programs which bridge African challenges with African solution. This teamwork, mental work and network of investment partnerships, project proposals and joint ventures instills a sense of direction, a sense of dignity and a sense of belonging in the African dream.

Therefore, given the extent to which corruption, adultery, incompetence or immorality is negatively impacting society, this is to propose that you conduct an Annual Integrity, Competent and Faithful Award for Leadership and Marriage (**AIC&FALM**) for employs who have worked with a government organizations or a private company for years without a dent of corruption and faithful couples who have been together for years without separating. People of integrity often engage in actions that benefit society through voluntary work, activism, ethical business practices among others which contributes positively to their communities hence reduce stress and inner turmoil. Faithfull gives society s sense of trust, confidence and certainty. While professionally competent people have the necessary knowledge and skills to perform their jobs effectively in the best interest of society. But since some corrupt people are reappointed before the elapse of ten years on top of advocating for them, every last week of the month all churches, shrines and mosques countrywide should dedicate the corrupt people to God and to the ancestors.

On the **12 February 2024** Dithree Group proposed as per the attached copy Under Reference No. **D3G-11/12/2/24** that the Auditor General (**AG**), Uganda Revenue Authority (**URA**) and Inspector General of Government (**IGG**) work with the Bankers Association to collectively Inform voters to identify corrupt properties, corrupt accounts or corrupt assets and contact the IGG in attention to Transparency International (**TI**) for help them get twenty percent commission (**20%**) of the recovered property, account or asset. Award employees who have worked with an organization/company for years without a dent of corruption. Constituency residents who follow up government budget allocation of their area. Inform Unemployed graduates to identify evidence of academic forgery, ghost employ or unqualified employs and apply for a job swap. Award anyone who reports their bosses, their relatives, their workmates, their friends or their neighbors who evade tax default on taxes including government organizations which don't emit non-tax revenue like funds which Uganda Prisons gets from hiring prisoners to farmers and funds accrued from rented government office space to private users.

Inform employs to sale or buy evidence of tax evasion, embezzled money, money laundering evidence, inflated loans evidence or tax defaulting at a commission fee to motivate the friends, workers or relatives who are within the circles of the culprit to surrender such evidence for monetary gains which they cannot get from the culprit. Inform voters to direct their MP to enact a law which fines MPs one million shillings (UGX-1m) or so for each day they fail to attend parliament sittings without a substantial prior notice to parliament. The **AIC&FALM** will gradually restore the spirit of public interest and also promote the culture of successful marriages because scripture states that if you wait for the dust of revolution to settle, you will never sow the seeds of change. While Mahatma Gandhi said that the world has everything to meet everyone's needs but has nothing to satisfy anyone's greed. Africa Union's **Agenda 2063** emphasis the need to mobilize domestic resource for collective prosperity and sustainable development and both the Quran in Surah Al-Imran 3:104 and the Bible in Mathew 9:35-37 complement each other on the fact that African challenges called Dithree Group to apply the mind on a full state of identifying African Solutions jealously, on principle and by conviction outside the square.

Yours Faithfully,

DDG
