REF: D3G-42/25/8/24

Date: - 07 August 24

- The Executive Director, Uganda Road Fund
- The Domestic Tax Commissioner, Uganda Revenue Authority
- The Inspector General of Police, Uganda Police Force
- The Honorable Minister, Ministry of Finance, Planning and Economic Development

Dear Sir/Madam,

DOMESTIC OPPORTUNITIES FOR GENERATING MORE ROAD FUND

Dithree Group is a private company that mobilizes domestic resources for the creation of collective prosperity opportunities and sustainable development projects through advisory services, holding services, asset management, hosting services, equity investment, civic education and intermediary business as highlighted on www.d3gafrica.com so as to articulate **AGENDA 2063** into Business Models and Social Programs which bridge African challenges with African solution. This teamwork, mental work and network of investment partnerships, project proposals and joint ventures instills a sense of direction, a sense of dignity and a sense of belonging in the African dream. Therefore, as government explore more avenues of generating revenue, this is to propose that you

1. Allow companies to advertise on road humps, sharp road corners, trading center or road junctions of their choice including installing traffic lights with adverts so as to slow down speeding vehicles that cause accidents and to generate more non-tax revenue.
2. It should also be a policy for any company, person or organization that a sign post of Police Notice like NO PARKING etc. to first apply to Uganda Police Force (UPF) and then pay to Uganda Revenue Authority (URA) for the insurance of the sign post.
3. Fine truck drivers who load animal/birds on the trucks and tie them in a cruel painful manor which leads them to bleed or die in transit before they reach the market.

On the 12th February 24 Dithree Group proposed the same to various government organizations under Reference No D3G-08/12/2/24 as per the attached copy. Africa Union's **Agenda 2063** emphasis the need to mobilize domestic resource for collective prosperity and sustainable development and both the Quran in Surah Al-Imran 3:104 and the Bible in Mathew 9:35-37 complement each other on the fact that African challenges called Dithree Group to apply the mind on a full state of identifying African Solutions jealously, on principle and by conviction outside the square.

Yours Faithfully,

Ddembe Diamondisc Ddumba
